CORPORATE INFORMATION

Royal Pasta Factory set achievements in the sustenance generation industry. The gathering has reliably grown new gauges in the process fasten from grain to completed pasta.

Thus, Royal Pasta Factory creation lines not just fuse ages to know-how in making top quality pasta, yet additionally and comprehension of the most ideal approach to deal with the grain.

For more than 5 years, Royal Pasta Factory plant has been creating business generation lines of making a fine pasta. Experience, learning and significant comprehension of market needs have made Royal Pasta Factory line a main gathering from the advancement, structure and assembling a modern scale pasta line to expert venture the board just as a quick and dependable start-up.

VISION

To become a world leading pasta producer with focus on quality and excellence.

The growth and the operation of the company are found in the basic corporate principle: "quality, effectiveness and adaptability to the needs of market and technological evolutions".

We look to turn into the pioneer in our field and the clients favored goal for embellishments and enhancements. We move dynamically in consistent strides to accomplish our vision and increment our piece of the overall industry.

MISSION

The world is changing surrounding us. To keep on flourishing as a business throughout the following ten years and past we should look forward, comprehend the pattern and powers that will shape our business later on and move quickly to get ready for what's to come. we should prepare for tomorrow today. It makes a long-haul goal for our business and gives us a "Guide" for winning together with our partners.

Our guide begins with our main goal which is persevering. It announces our motivation as an organization and fills in as the standard against which we gauge our activities and choices

- To invigorate the world
- To move snapshots of idealism and bliss
- To make worth and have any kind of effect

BUSINESS FOCUS

We set out on our experience in the not uncomplicated specialty of pasta making. Just making sense of the correct formula of pasta mixture took time. It took a few endeavors before we were 100% content with the outcome.

The most modest measure of pretty much water in the mixture can mean the contrast between a hit and miss and the temperature and air moistness in the manufacturing plant must be of the atmosphere of Qatar. It's simply the privilege if the pasta is to be still somewhat firm subsequent to cooking and to hold its shape. The solidified crisp pasta is conveyed to every one of our clients and sellers' outlets without intruding on the chain.

ORGANIZATION CHART

KEY MANAGEMENT
